

Due to the new state mandates regarding child abuse, we must have two teachers in each classroom. We are looking for volunteers to be assistant teachers in the classrooms. At this time, we are still looking for teachers for each grade. We may need to combine some grades this year and/or ask parents to sign up to assist once a month in the classroom. Remember that all of our past and current teachers and assistants are volunteers and appreciate your help. If you can help out the Sunday School in any way, just give the church a call.

**GRACE UNITED METHODIST
